

# Shannon Brown, Pearls

These pearls from my mother, passed down from her mother  
Of everything they gave me, I treasure them most  
Can't wear them, can't hold them, don't come from the ocean  
Oh, they're way more precious than anything I own  
They're written in my soul

(Chorus:)

Remember who you are, and don't forget to pray  
Make sure he's your best friend  
When you give your heart away  
Be kind, be strong,  
Be someone everyone can count on  
Yeah, someday  
I'm gonna give my little girl  
These pearls

I'll teach her about make-up, boyfriends and break-ups  
I'll share all the wisdom I've ever learned  
Like beauty's on the inside, give it your best try  
I'll pass down the same words I've always heard  
And she'll carry them with her

(Chorus)

Bridge She'll tell her daughter, and she'll tell hers too  
I've saved these pearls just for you

(Chorus)
