

Shannon Curfman, If You Change Your Mind

I smell you on my fingertips

I can taste you on my lips

I can still hear the echo of our last goodbye

You're the love I can't forget

I see you everywhere I turn

I guess I won't ever learn

I always fall for the ones that I can't keep

I let myself get in too deep

If you change your mind

I'll be waiting on you

If you need somebody to be your fool

I will be there for you

If you change your mind

Remember down in Baton Rouge

When I gave it all up to you?

I could tell right then that it was the end

There was nothing left but the truth

If you change your mind

I'll be waiting on you

If you need somebody to be your fool

I will be there for you

If you change your mind

All of my life I let the darkness pull me in

A flicker of light

Gone again

If you change your mind

I'll be waiting on you

If you need somebody to be your fool

I will be there for you

If you change your mind
