Shannon Curfman, True Friends

Don't have to go out

Lookin' for trouble

Trouble will find you it's a matter of time

That's when you're gonna need someone behind you

A true friend isn't easy to find

You're gonna find out

You're gonna find out

You're gonna find out who your true friends are

There will come a time

Somewhere down the line

You're gonna find out who your true friends are

Room full of people

They start talkin'

Talkin' about you when you're not there

Who'll be the one who won't play that game?

Who's gonna stand up for your good name?

You're gonna find out

You're gonna find out

You're gonna find out who your true friends are

There will come a time

Somewhere down the line

You're gonna find out who your true friends are

I'll be the one that

That will pull you back

When you've taken one step too far

That's when you'll know who

Who really loves you

You're gonna find out who your true friends are

Now people say

Almost anything

There's no way to see inside their hearts

But they you'll see who runs away

And who's there with you when the trouble starts

You're gonna find out

You're gonna find out

You're gonna find out who your true friends are

There will come a time

Somewhere down the line

You're gonna find out who your true friends are
