

Shapeshifters, Sensitivity

You're like a way up high
Yes you are
Is this a
We first kissed
Fragile is the beat of my heart
Rhythm is into your touch
Every single bit of me wants
To wake each morning besides your love
All I want
Yes, you are
All I want
Is what you got
Cause you got sensitivity
It's all I want from you to me
Oh oh oh sensitivity
Let's get
In your eyes
There's something magic
I can't describe what it is
Every-time
I feel them looking my way
fever rises in me
Fragile is the beat of my heart
Rhythm is into your touch
Every single bit of me wants
To wake each morning besides your love
All I want
Yes, you are
All I want
Is what you got
Cause you got sensitivity
It's all I want from you to me
Oh oh oh sensitivity
Let's get
Closer to your love
Closer to your sensitivity
Closer to your love
Closer to your sensitivity
All I want
Yes, you are
All I want
Is what you got
Cause you got sensitivity
It's all I want from you to me
Oh oh oh sensitivity
Let's get
Closer to your love
Closer to your sensitivity
Closer to your love
