Not bein funny talkin sh.. but I pop a lot

And back it up and catch a breeze in the six-drop

Now I push the six with the bows in the back

Funny how the honeys come and pose when I'm at

In the Bronx and the shows where I'm at

You can ask the hoes in my flat

Shaq made a path I came through walkin

Now I'm pushin and got the whole cold stalkin

Feelin me knowin that I'm winning in the beginning

You thought it was a phase till I heard a brother read

Peter Gunz un fellow chapter uno bruise like Bruno

Slam like sumo who know money you know

I bring the funk like under arm and see me on

That's why they get me on delivery my ?denemerey?

So configurey chips and the gzank

Is just how a..

I wanna know when I go that my family got the dough

When I.

I'm a pro on the court on the microphone
Going platinum if I buy a million of my own
It gas there's recruits on same song
Why your man play off I'ma play on
Word is born pro Dawg is the Hit-man
Big dirt's hittin fools like quick sand
On a mission clear the path like Christian
Apply pressure to the Christian
Who the man Peter Gunz is you wit these
For all these undercover haters tryin to get these
Forget that cause baby mamma wanna hit these
And bring me drama while these cowards tryin to stick these
So nick these I'ma shine like the Sun do
As you know I'm made of steel so I'm gun-proof
There ain't a member of your crew I can't run through
Won't you page me later then I'll call you
Uh wanna play baby

(Chorus w/ variations)

(Public Announcement)

Get ready tonight
We gonna make this a night to remember
Get ready tonight
It's on baby girl I hope you can remember
