

# Shareefa, Butterfly

It replays in my mind, so many times  
When I try to move on, it just rewinds  
I'm scarred for life, a casualty of love  
Captivated me, like a prisoner  
What was I thinkin of, I gotta free my mind  
Now its my time, now im a butterfly

I gotta spread my wings and fly, get away from all your lies  
You know I tried, but you're the kind that cant be satisfied  
Misery loves company, I was sleepin with the enemy  
I made a change and spread my wings just like a butterfly  
Fly away butterfly, fly away butterfly

So many times, I coulda walked away  
But love is so blind, I was so afraid  
At times you had me speechless, you made me feel so low

At first you were an angel, but then you turned so cold

I gotta spread my wings and fly, get away from all your lies  
You know I tried, but you're the kind that cant be satisfied  
Misery loves company, I was sleepin with the enemy  
I made a change and spread my wings just like a butterfly  
Fly away butterfly, fly away butterfly

I made my decision, don't need your permission  
I gotta start living, you took away everything

I gotta spread my wings and fly, get away from all your lies  
You know I tried, but you're the kind that cant be satisfied  
Misery loves company, I was sleepin with the enemy  
I made a change and spread my wings just like a butterfly (x2)
