

Sharko, No More I Give Up

No more I give up
I know this place's not good for me anymore
Give up don't hesitate
Before I can contain the rages and see-saw inside

Ae
I give up... no more!
I give up

No more I give up
You push it straight before it gets
On the other side
Goodbye no oxygen
I can't explain
The panic and see saw inside

I guess you know my name
By the time it's okay
I got a free G pass by the time it's okay
I got a cup that's full I get up it's okay
It's so hot, it's so hot, it's so hot in here
I got a fantasy it's optical
An illusion but by this time it's okay
It's so hot, it's so hot, it's so hot in here
I get up, I get up, I get up in here
