

# Sharko, Spotlight

I believe there is something in the dark night, you see  
That I'll catch back in the spotlight, easy  
And I'll make it out at midnight, sorry  
Never thought I would be that right, oh oh...

I believe there is something it's in your eyes, dizzy  
With your bloody mouth it's alright, ae!  
Never thought I would be that right, oh oh...

Doo do doo doo...

I don't know, sorry, easy, dizzy, I don't know, it hurts, hurts done!  
I don't know, I'm sorry, I'm sorry, dizzy, easy, it hurts, gone hurts...  
I don't know, I'm sorry, ouh, it hurts good, dizzy, dizzy, sorry  
I don't know... It 's in you...
