

# Sharlene Boodram, Sweeta Sweeta

Chorus:

Give me some of that sweeta, sweeta  
Like the way your cup runneth over  
Sure for sure don't want water, water  
Bring your love lover, bring your love lover  
Give me some of that sweeta, sweeta  
Like the way your cup runneth over  
Sure for sure don't want water, water  
Bring your love lover, bring your love lover

Verse 1:

Let me captivate you, listen to my tune  
Power of the rhythm intoxicate you  
Feeling vibration, no more restriction  
Baby love you know I give you direction  
Give into the moment, try a new assortment  
Even if you feel a little distorted  
Show me your motion, cause a commotion  
Baby let me be your final solution

Chorus:

Give me some of that sweeta, sweeta  
Like the way your cup runneth over  
Sure for sure you want water, water  
Bring your love lover, bring your love lover  
Give me some of that sweeta, sweeta  
Like the way your cup runneth over  
Sure for sure you want water, water  
Bring your love lover, bring your love lover

Verse 2:

Yeah you love to love me, everything about me  
Don't hold it back, now is time to act  
Burning with desire, body heat on fire  
Not hot enough, want it hotter  
Just like a volcano, energy overflow  
I can't explain, I don't know your name  
Just a perfect stranger put me under pressure  
The fire burn, burning just the same

Bridge:

Dark chocolate, hyperactive state  
I'll give you more than you could take  
Bold flavor overwhelming you  
Careful I'm natural sugar  
Dark chocolate, hyperactive state  
I'll give you more than you could take  
Bold flavor overwhelming you  
Careful I'm natural sugar

Chorus:

Give me some of that sweeta, sweeta  
Like the way your cup runneth over  
Sure for sure you want water, water  
Bring your love lover, bring your love lover  
Give me some of that sweeta, sweeta  
Like the way your cup runneth over  
Sure for sure you want water, water  
Bring your love lover, bring your love lover

Outro:

Sweet like a sugar, like a spice

You like it, you like it  
Come take a try, don't say goodbye  
Don't fight it, don't fight it

Sweet like a sugar, like a spice  
You like it, you like it  
Come take a try, don't say goodbye  
Don't fight it, don't fight it

Chorus:
