

Sharon Cuneta, Where's Te Good In Goodbye

Tell me now
If there's a way back to your heart
Or have we come to far
Tell me how
I'll do anything
To live you ()
All I want to know

(Chorus)
Where's the good in goodbye
It means you're not in my life
Wheres the good in goodnight
If you're not by my side
Take my heart take my soul
I won't need them anymore
If you're not in my life
Tell me where's the good in goodbye

II
If you leave
You take everything I need
'Coz you're the air I breath
I'll go on
But if I have to learn to live without your kiss
Baby tell me this

(Chorus)
Wheres the good in goodbye
It means you're not in my life
Where's the good in goodnight
If you're not by my side
Take my heart take my soul
I won't need them anymore
If you're not in my life
tell me where's the good in goodbye

Baby where's the good

(Repeat Chorus)

(fading Words)
Baby why you tell me this
All I want is one more kiss
Baby I'm right you by my side
Tell me where's the good in goodbye
Baby believe me
