

# Sharon Jones And The Dap-Kings, I Just Dropped

Woke up this morning with the sundown shining in  
Found my mind in a brown paper bag within  
Tripped on a cloud, fell eight miles high  
Tore my mind on a jagged sky  
Hey, I dropped in to see what condition my condition was in

Pushed my soul in a deep dark hole and then I followed it in  
Watched myself crawling out as I was crawling in  
I got up so tight I couldn't unwind  
Saw so much till I broke my mind  
Hey, I dropped in to see what condition my condition was in, yeah yeah yeah  
See what condition I was in  
Hey yeah baby, see what condition I was in

I got up so tight I couldn't unwind  
Saw so much till I broke my mind  
I dropped in to see what condition my condition was in

Someone painted "April fool" in big black letters on a dead-end sign  
I had my foot on the gas since I left the road and I blew out my mind  
Eight miles outta Memphis and I got no spare  
Eight miles straight up downtown somewhere  
I dropped in, check out this condition my condition was in

I said I just dropped in to see what condition my condition was in  
Hey, check out the condition, oh, my condition  
Yeah, oh what condition my condition was in  
Oh, check it out  
I got to see what condition it's in  
Hey, I got to check out my condition and see...  
Just make sure it's all right now...
