

# Sharyn Maceren, I love divine

verse I

Things haven't changed since the  
First day we met

I still feel brand new

I haven't wanted anyone the way that  
I wanted you

You bring the sunlight to my days and

Make the sky brighter blue

Let's lay upon the grass and

Thank the heavens wishes come true  
chorus

Place your hands on mine

On mine... on mine

We have A Love Divine

Divine

verse II

You truly are the sweetest thing

That I have ever known

You've whispered in my ears

A thousand times

That I feel like home

I feel so blessed to be your love,

Your best friend and your soulmate

Give me a kiss and hug

Our love's a reason to celebrate

Every day

I am thankful

Because you chose me

Place your hand on mine, love

'Cause it's a divine

Divine love
