

# Shaun Farrugia, Dear God

Wasn't even looking,  
Fell right into love  
Shrugged it off as nothing,  
Now I know I can't let go,  
she knows  
Told her there's no problem,  
I can't ever fix,  
Tried to shrink an ocean,  
Anything to keep her close,  
She knows

How many times do I gotta ask you?  
How many times do I gotta pray?  
I'm losing count of all of the times I promised her we'd be okay,  
Cause no one else can give me the answer,  
Don't tell me there isn't a way,  
Dear God, Make her stay

She's a ray of sunshine,  
Even when it rains,  
Lighting up my whole life even on my darkest days,  
I feel safe  
Can we talk about it,  
We can make a deal,  
Anything you ask for,  
Anything to feel her hands on mine,  
Asleep beside me

How many times do I gotta ask you?  
How many times do I gotta pray?  
I'm losing count of all of the times I promised her we'd be okay,  
Cause no one else can give me the answer,  
Don't tell me there isn't a way,  
Dear God, Make her stay  
Oooh

She brings me hope,  
When the sky is falling,  
and if she goes,  
I know i'd be broken,  
So keep her close,  
I know I can't do this alone

How many times do I gotta ask you?  
How many times do I gotta pray?  
I'm losing count of all of the times I promised her we'd be okay,  
Cause no one else can give me the answer,  
Don't tell me there isn't a way,  
Dear God, Make her stay
