

Shawn Colvin, Never Saw Blue Like That Before

Today we took a walk up the street
we picked a flower and climbed the hill
above the lake

And secret thoughts we set afloat
we watched the faces in the clouds
until the clouds were blown away
And were we ever somewhere else
you know it's hard to say

Chorus:

That I never saw blue like that before
across the sky around the world
you giving me all you have and more
and no one else has ever shown me how
to see the world the way I see it now

Oh I, I never saw blue like that before
I can't believe a month ago I was alone
I didn't know you I hadn't seen you
or heard your name

And even now I'm so amazed it's like a dream
it's like a rainbow it's like the rain
And somethings or the way they are
and words just can't explain

Chorus

And it feels like now

And it feels always

And it feels like coming home

Chorus
