

Shawn Desman, Bow

Bow!
Bow! It's Shawn D
Bow! None better than me
Bow! Your majesty
Bow! Before he

People say I'm chasing a dream
Tell me how the fuck do you see what I see
I remember be told that I would never succeed
It funny how things change, know you want to be me
Just because I'm young, it doesn't mean
That I'm being pushed around behind the scenes
Thinking I'm a puppet on the string, Not me
Let me tell you
Don't you ever front on me, I'll be who I gotta be

UOMO, Random got my back
So tell me what you think of that
I'm here to stay and that's a fact
So let me drop this on my track

CHORUS

I won't stop, Cause I never stop
When my name drops,
Cause there ain't nobody like me Shawn D.
I won't stop, Causing I never stop
When my name drops,
Cause there ain't nobody got a thing on me
Bow! It's Shawn D.
Bow! Your majesty

I don't give a damn what they say
You ain't even happy unless you do it your way
I can see how much you wanna take my place
Cause it's written all over your face
I'll never leave a job undone
Everything I touch, Yeah you know it is bang on,
Thinking I won't last, but I'm proving you wrong
If you think I'm selling out, you don't know what I'm about

UOMO, Random got my back
So tell me what you think of that
I'm here to stay and that's a fact
So let me drop this on my track

CHORUS

BRIDGE

Yo! Yo! Straight from the T-Dot O, Motha Fucka
Ain't nobody gonna hold me down
When you hear this joint you better bow down
Listen to what the fuck I'm saying
Cause I ain't talking no sh-t, ya heard!
Yours truly Shawn D.
