

Shawn Desman, Don't Wanna Lose You

I don't wanna lose you
Don't wanna say goodbye
Just a thought that it makes me, wanna cry
Ahhhh ah ahh

I don't want to lose you

Girl, I know that there's something on your mind
And why are you trippin'
Baby are you still mine

Why you runnin' from the love that we have
We were happy now you're looking so sad, babe
Baby tell me why you're acting like this
Is there something, something that I missed

I don't wanna lose you
Don't wanna say goodbye
Just a thought that it makes me, wanna cry
Ahhhh ah ahh

I don't want to lose you

Baby, you're everything, everything a girl should be
And now, I realize that you're the only one for me
Time and time again I look into your eyes (your eyes)
Hunny I can see all through your lies (your lies)
Put your hand in mine and lets work it out
I'll show you what my love is all about

I don't wanna lose you
Don't wanna say goodbye
Just a thought that it makes me, wanna cry
Ahhhh ah ahh

Yea baby, don't make me cry
'cause I don't wanna lose you

I don't want to lose you

I don't wanna lose you
Don't wanna say goodbye
Do you really wanna make me cry
Ahhhh ah ahh

I don't wanna lose you
Don't wanna say goodbye
Just a thought that it makes me, wanna cry
Ahhhh ah ahh

I don't wanna lose you
Don't wanna say goodbye
Just a thought that it makes me, wanna cry
Ahhhh ah ahh
