

# Shawn Desman, Want To Lose You

I don't wanna lose you...  
Don't wanna say goodbye...  
Just the thought of it makes me, wanna cry...

Girl, I know that  
There's something on your mind  
And why...  
Are you tripping?  
Baby, are you still mine?  
Why ya running from the love that we had?  
We were happy now you're looking so sad, babe  
Baby, tell me why you're acting like this?  
Is it something?  
Something that I missed?

I don't wanna lose you...  
Don't wanna say goodbye...  
Just the thought of it makes me, wanna cry...

Baby, you're everything  
Everything a girl should be  
And now, I realize  
That you're the only one for me  
Time and time again I look into your eyes (your eyes...)  
Honey, I can see, all through your lies, babe (your lies...)  
Put your hands in mine and lets work it out  
I'll show you what my love is all about

I don't wanna lose you...  
Don't wanna say goodbye...  
Just the thought of it makes me, wanna cry...

Yea baby...  
Don't make me cry...  
Cuz I don't wanna lose you...

I don't wanna lose you...  
Don't wanna say goodbye...  
Do you really wanna make me cry?

(I don't wanna lose you)

I don't wanna lose you...  
Don't wanna say goodbye  
Do you really wanna cry...iiiiiii... (x3)
