

# Shawn Emanuel, U Better Believe It

## VERSE1:

No one said  
that this was gonna be too easy  
No one said  
u was gonna fall for me  
now i aint gonna lie girl  
I weren't gonna try girl  
I was gonna walk away  
then u cried  
and i was forced 2 wait a while  
then I tried - till i found another way  
see this was all to much girl  
it was getting jus too deep girl  
in such a short time  
see when I...

## PRE-CHORUS:

Got up and walked away  
I said i wasn't gonna stay  
ohh  
I wasn't really thinking babe  
and when  
I heard u say u loved S.E  
I knew what u meant 2 me  
no i aint gonna lose u girl  
no i aint gonna lose u girl

## CHROUS:

I aint leaving  
u better believe it  
so we better find a way  
u better believe  
girl i would never turn my back on u  
u better believe it  
all u gotta do is say u need me  
u better believe it  
and i'll be on my way  
u better believe it  
aint nutting gonna make me stay away from u  
u better believe it

## VERSE2:

I know u kinda of think that this is  
out of the blue  
we aint been together to long  
and u  
turned and said them 3 words  
then wait for my 4 words... "i love u too"  
but girl that wouldn't be tru  
see when i say something  
yea  
its cause i mean that thing  
girl give me a lil while  
maybe in a lil while  
i could say it back to u

## PRE-CHORUS:

I got up and walked away and  
I said i wasn't gonna stay  
ohh  
I wasn't really thinking babe  
and when  
I heard u say u loved SE  
I knew just what u meant 2 me

i aint gonna lose u girl  
no i aint gonna lose u girl
