Shawn Hlookoff, She Could Be You

I'm haunted by this photograph Don't know why Everytime i look, i get shivers down my spine You're such a beautiful face I know these eyes They take me back in time She could be you I wouldn't even know She could be you But tat was long time ago She could be you I wish that i could tell you What you don't know I dream about that day But it's impossible In another world, I'll be yours tonight But i can't break free from this life She could be you I wouldn't even know She could be you But that was long time ago She could be you I see it all the time I know it's true A picture doesn't lie She could be you I wouldn't even know She could be you But that was long time ago She could be you She could be you
