

Shawn Mendes, Heart of Gold

Ooo-ooo-ooo-ooo

Honestly

It's been a while since I've thought of you

In the end we didn't talk much

I didn't know what you were going through

I'm sorry that I wasn't there, to hug your mama at the funeral

Brian said he broke down, but he promised it was beautiful

When we were young

We didn't care

We shot for the stars

I see you up there

You had a heart of gold (yea!)

You had a heart of gold

You left too soon

It was out of your control, underneath your skin and bones

You had a heart of gold

I didn't cry, I didn't even feel the pain

And then it hit me all at once

When we talked about you yesterday

When we were young (when we were young)

We didn't care (we didn't care)

We shot for the stars (shot for the stars)

I see you up there

You had a heart of gold (yea!)

You had a heart of gold

You left too soon

It was out of your control, underneath your skin and bones

You had a heart of gold

When we were young

We didn't care

We shot for the stars

I see you up there

You had a heart of gold

When we were young (ooo, ohh)

We didn't care (we didn't care)

We shot for the stars

I see you up there

You had a heart of gold
