

Shawn Mendes, It'll Be Okay

Are we gonna make it?
Is this gonna hurt?"

We can try to sedate it
But that never works

I start to imagine a world where we don't collide
It's making me sick but we'll heal
And the sun will rise

If you tell me you're leaving,
I'll make it easy
It'll be okay
If we can't stop the bleeding
We don't have to fix it,
We don't have to stay
I will love you either way
It'll be ohh, be okay

The future we dreamed of is fading to black
There's nothing more painful
Nothing more painful

I start to imagine a world where we don't collide
It's making me sick but we'll heal
And the sun will rise

If you tell me you're leaving,
I'll make it easy
It'll be okay
If we can't stop the bleeding
We don't have to fix it,
We don't have to stay
I will love you either way
It'll be ohh, be okay

I will love you either way
It might be so Sweet
It might be so bitter
I will love you either way
It might be so Sweet
It might be so bitter
