

Shawn Mendes, Nervous

I saw you on a Sunday in a café
And all you did was look my way
And my heart started to race
And my hands started to shake, yeah
I heard you asked about me through a friend
My adrenaline kicked in
'Cause I've been askin' 'bout you too
And now we're out here in this room

I get a little bit nervous around you
Get a little bit stressed out when I think about you
Get a little excited
Baby, when I think about you, yeah

Talk a little too much around you
(I talk a little too much, yeah)
Get a little self-conscious when I think about you
(I get a little self-conscious)
Get a little excited (I get a little excited)
Baby, when I think about you
Yeah, when I think about you, baby

We walked in the rain
A couple blocks to your apartment
You told me to come inside
Caught me staring in your eyes
And I'm not usually like this
But I like what you're doing to me
Ah, what you're doing to me

I get a little bit nervous around you
(I get a little bit nervous)
Get a little bit stressed out when I think about you
(I get a little bit stressed out)
Get a little excited (I get a little excited)
Baby, when I think about you, yeah
(Yeah, when I think about you, baby) (oh yeah)

Talk a little too much around you
(I talk a little too much, yeah)
Get a little self-conscious when I think about you
(I get a little self-conscious)
Get a little excited (I get a little excited)
Baby, when I think about you
Yeah, when I think about you, baby

You got me acting like I've never done this before
I promise I'll be ready when I walk through the door
And I don't know why
No, I don't know why
Yeah

I get a little bit nervous around you
(I get a little bit nervous)
Get a little bit stressed out when I think about you
(I get a little bit stressed out)
Get a little excited (I get a little excited)
Baby, when I think about you, yeah
Yeah, when I think about you, baby

Talk a little too much around you
(I talk a little too much, yeah)
Get a little self-conscious when I think about you
(I get a little self-conscious)

Get a little excited (I get a little excited)
Baby, when I think about you
Yeah, when I think about you, baby
