

Shawn Mendes x Portugal, Shawn Mendes x Portugal

Help me, it's like the walls are caving in
Sometimes I feel like giving up
But I just can't
It isn't in my blood

Laying on the bathroom floor, feeling nothing
I'm overwhelmed and insecure, give me something
I could take to ease my mind slowly

e um sonho que trago comigo
se acreditares sonho contigo
Keep telling me that it gets better
Does it ever?

Help me, it's like the walls are caving in
Sometimes I feel like giving up
No medicine is strong enough

Someone help me
I'm crawling in my skin
Sometimes I feel like giving up
But I just can't
It isn't in my blood
Eu vou acreditar!

Looking through my phone again feeling anxious
Afraid to be alone again, I hate this
I'm trying to find a way to chill, can't breathe, no

Someone Help me, it's like the walls are caving in
Sometimes I feel like giving up
No medicine is strong enough

Someone help me
I'm crawling in my skin
Sometimes I feel like giving up
But I just can't
It isn't in my blood
Eu vou acreditar
que vamos conseguir
que vamos conquistar
nos somos Portugal
una so voz
e un coracao!

Someone help me
I'm crawling in my skin
Sometimes I feel like giving up
But I just can't
It isn't in my blood
Eu vou acreditar
que vamos conseguir
que vamos conquistar
nos somos Portugal
una so voz
e un coracao!
