Shawn Mullins, Faith

Pain, come no more Don't you come knockin' on my door Love, dry your tears You have lived a life way beyond your years

And faith, when you're gone All my demons and my devils they do me wrong And faith, you let your light shine through Let a ray of hope surround me Just don't think I can make it without you

Hey faith, don't let me down Let me know when I come back she'll be around 'Cause I've been burned, a time or two If she left me Lord, I don't know what I'd do

And faith, when you're gone All my demons and my devils they do me oh so wrong And faith, you let your light shine through You let a ray of hope surround me Just don't think I can make it without you

In the morning you know I wake up with the dawn Everyday, there's a way You know I got to carry on To know the way and take the road of right and wrong And keep faith in my heart Just keep faith in your heart

Pain, come no more Don't you come knockin' on my door Love, please be strong 'Cause I need the peace of mind to carry on

And faith, when you're gone All my devils, all my demons, you know, they do me wrong And faith, you let your light shine true You let a ray of hope surround me You came back home and found me Searching for the love I never knew
