

# Shawn Mullins, To Be With You

To Be With You

I'll open my arms out wide, Welcome you into my heart  
Hopin' that you understand, Girl I Love You  
Tell you I'll never give up, no matter which rock comes between us  
It's our time together, I'll do anything

To be with you, The only place I want to be  
Is in your arms, holdin' you close, lettin' you know  
That I'm here to be with you

I'll never run away, Never run to someone else,  
Cause I'll never find noone as good for me as you,  
The only heart that fits right with mine, Is yours beating two times slowly,

Girl i rejoice, Everywhere I go with you

To be with you, The only place I want to be  
Is in your arms, Holdin' you close, Lettin' you Know  
That I'm here, oh here, to be with you

To be with you, The only place I Want to be

To be with you, the only place I want to be  
Is in your arms, holdin' you close, lettin you know  
That I'm here, To Be with you, To Be With You

Oh Girl To Be With You, oh hoh to be with you baby.
