

# Shawn Stockman, Visions Of A Sunset

Oh Yeah

Lived all my days trying to embrace  
Life with my heart by all the beauty  
I feel and create it spins and moves  
Flows at my pace telling its story  
From the tear running down my face

(Chorus:)

Visions of a sunset just appear when  
I close my eyes  
Takes my closer to heaven when the  
Flute starts to fly  
And the violin cries

Confusion leaves while peace  
Orchestrates runs through my  
Veins and in other seekers it  
Penetrates my reason why  
The big city air smells so  
Sweet takes me through journeys  
In time from my youth to as  
Far as I can see

(Chorus )

It's all I need in my life  
It's all I need and no one  
Can take your place by my side  
You're all inside of me

(Chorus )

We'll free from all sorrow  
Like the wind blows from the sky  
Takes me closer to  
Heaven when the  
Flute starts to fly
