

Shayna Zaid, Among The Dead

my flesh and bone
not my own
you have changed me to my core
took control of my soul
i am not me anymore
Im gone
now you live on
Im among the dead
blood dont reach my head
suffering what you made me become
slipping in my skin
darkness deep within
can i come back from among the dead
Im among the dead
blood dont reach my head
suffering what you made me become
slipping in my skin
darkness deep within
dream being back from among the dead
