

Shea Seger, Blind Situation

In a blind situation
So many things are running through my mind
In a blind situation

Should I, Should I, Should I, Should I
Should I, Should I?
Should I, Should I, Should I, Should I
Should I, Should I?
Should I lie?

It's a blind situation

Sometimes I wonder where my life's at
And if it's a song is it the right track
My sanity feels like a weak box
I'm too weak to fight back
Away from home where I grow
My regular zone now
It's hotels and fold girls with cellular phones
The voice in my head is a talker and the fellow just roams
If you call my souls operator
It'll tell you I'm gone
I'm hurtin' ya'll
I really feel it

My world requires a big disguise
It's a blind situation
Leaving you was my sad surprise
It's a blind situation

Should I, Should I, Should I, Should I
Should I, Should I?
Should I, Should I, Should I, Should I
Should I, Should I?
Should I lie?

(Rap By D.R.U.G.S)
It used to be about diamonds
Now it's walkin' on clouds with silver linings
Seeing Jesus on the stone throne shinin
Or is it that second hand weed smoke from my friends combining?
It's ill, friends get killed
Pain has precise timing
I really feel it

Sometimes I sit alone at night
In a blind situation
So many things are running through my mind
In a blind situation

Should I, Should I, Should I, Should I
Should I, Should I?
Should I, Should I, Should I, Should I
Should I, Should I?
Should I lie?
