

SHeDAISY, Bring It On Back

What if I told said I wanted to hold you
For more than just one night
What if I said I wanted to show you
It all is gonna be alright
I'm a good thing
Make sure you know it
You only get one shot
Baby don't blow it
I'm the green green grass
As far as your big brown eyes can see
And if you leave
You'll wanna bring it on back to me
I know I ain't easy
To get a handle on
It don't take more than enough
To please me
But I don't want to wait to long
Cause I'm a good thing
Make sure you know it
You only get one shot
Baby don't blow it
I'm the green green grass
As far as your big brown eyes can see
And if you leave
You'll wanna bring it on back to me
Open the door
Your ready to walk through
I'm where you prayer
Was meant to land
Give me the holes in your heart
I promise I will do
Anything everything
You know I can
Look at me baby
I'm a good thing
Make sure you know it
You only get one shot
Baby don't blow it
I'm the green green grass
As far as your big brown eyes can see
And if you leave
You'll wanna bring it on back to me
