

Sheila, King Of The World

Chorus:

I'm in love with the king of, the king of the world
I'm in love with the king of, the king of the world
I'm in love with the king of, the king of the world
I'm in love with the king of, the king of the world

One fine day

He got a letter marked "Best Chance on Earth"

It did say

The driver who crosses the finish line first

Would represent the total population of his occupation

Massive concentration would be needed and

Determination to win the title

The Fastest Driving Man

(Chorus)

Day of the race

He had a doubtful look on his face

It made me say

All of your life you waited just for today

Then he went out and won

The pole position

Oh his composition

Foiled the opposition

It looked like there was no competition

Then I saw him get the chequered flag

(Chorus)
