

Shelby Lynne, Ain't It The Truth?

Roses are red.....
Always tryin to get ahead
Next thing you know ya dead
I used to think I could never
Make it without you
Then I was watchin your eyes
I say now ain't it - oh
Ain't it the truth
Don't you know about it - Ain't it the truth
I was tattered and torn up
Never really felt brought up
Oh you told me it was o.k. to be
On my own
So I ran with the freedom
That you gave me
I say now ain't it - oh
Ain't it the truth
Don't you know about it - Ain't it the truth
I remember when you told me I was
Pretty amazing
I remember telling you, that you were crazy
Oh we were so under, overtime -
And what a good time it was -
