

# Shelby Lynne, Dreamsome

(written by Shelby Lynne, Dorothy Overstreet and Jay Joyce)

In the dark I can hear you whisper  
shadows still, move across the distance

What did you say, it's okay  
Did you miss me  
Did you miss me

Make it mine, takin' time, forgotten  
speak for me, silent plea, surrender

What did you say, it's okay  
Did you miss me  
Did you miss me

You know at times I wondered  
if you ever thought of me  
and I wondered if you wanted to be free  
like me, and I needed to feel you and  
I wondered did you miss me baby, oh yeah

Turn to gray, bluer shade, when the sun comes  
Peaceful time, cease your mind, Dreamsome

What did you say, it's okay, oh baby  
Did you miss me  
Did you miss me  
Did you miss me  
Did you miss me
