

# Shelby Lynne, Gotta Get Back

(written by Shelby Lynne, Dorothy Overstreet and Bill Botrell)

I can almost touch you now  
flying above the clouds  
in a big ol' plane  
I can't wait to hold you and see you again  
tell you where I've been

I can almost kiss you now  
when I close my eyes I feel your  
lips on mine  
it's so hard to fight what I  
feel inside, for you

Gotta get back do I do  
Gotta get back do I do I do  
Gotta get back do I do  
Butterflies take control me  
why's this airplane go so slowly  
Flutter faster take me home to you

I can almost see you now  
is my imagination foolin' me somehow  
flying through the lining of a silver cloud  
I'm gettin' closer now

I can almost hear you now  
oooh saying you love me  
like you know how  
I wish this plane would just reach down and  
touch the ground  
I swear I see you now
