

Shelby Sifers, With The Sunshine

We saw annabelle
wandering around at a crazy house.
Into the flower-bed,
in the dirt and rolling all around
sheep hurts in arid sand
and into the sunlight instead.
whoa. whoa. whoa. whoa.

Well it's true that spring makes you feel better, cause all the sadness that comes with the winter will
it's hiding...

in your coat
and in your clothes...

In your wood stove,
in your flask
and in your liver.

As heat rises, so do our spirits.
So I'll shout it out so you can all hear us.

And we'll sing,
god does love us
sometimes.

And he shows us with
the sunshine.

God does love us
sometimes.

And he shows us with
the sunshine.
