

Shelby, The Golden Boy

Hey you
How was your life?
How was your job today?
Some kind of peace of mind

So you
You were the right
You were replacement time
Guaranteed to shine

And you
You were so righteous
You went so wrong
You were so gone

How was your life?
How was your weekend?
Maybe tonight
Just for one day

How was your life?
How was your weekend?
You can play tonight
Tomorrow they'll be comin for you

Hey you
You came along
To the highest place
In lowest time

And you
You were the one
You were the Golden Boy
We waited on

And now
Ain't it no fun no more?
We were the broken back
You rested on

How was your life?
How was your weekend?
Maybe tonight
Just for one day

How was your life?
How was your weekend?
You can play tonight
Tomorrow they'll be comin for you

How was your life?
How was your weekend?
Maybe tonight
Just for one day

How was your life?
How was your weekend?
You can play tonight
Tomorrow they'll be comin for you
