

# Shelby, The Golden Boy

Hey you  
How was your life?  
How was your job today?  
Some kind of peace of mind

So you  
You were the right  
You were replacement time  
Guaranteed to shine

And you  
You were so righteous  
You went so wrong  
You were so gone

How was your life?  
How was your weekend?  
Maybe tonight  
Just for one day

How was your life?  
How was your weekend?  
You can play tonight  
Tomorrow they'll be comin for you

Hey you  
You came along  
To the highest place  
In lowest time

And you  
You were the one  
You were the Golden Boy  
We waited on

And now  
Ain't it no fun no more?  
We were the broken back  
You rested on

How was your life?  
How was your weekend?  
Maybe tonight  
Just for one day

How was your life?  
How was your weekend?  
You can play tonight  
Tomorrow they'll be comin for you

How was your life?  
How was your weekend?  
Maybe tonight  
Just for one day

How was your life?  
How was your weekend?  
You can play tonight  
Tomorrow they'll be comin for you
