

Shellac, Prayer To God

To the one true God above,
here is my prayer.
Not the first you've heard,
but the first I wrote.
(not the first, but the others
were a long time ago...)
There are two people here,
and I want you to kill them.

Her, she can go quietly,
by disease, or a blow
to the base of her neck,
where her necklaces close.
Where her garments come together,
where I used to lay my face...
that's where you oughta kill her,
in that particular place.

Him, just fucking kill him.
I don't care if it hurts.
Yes I do -- I want it to.
Fucking kill him but first
make him cry like a woman
(no particular woman)
let him hold out, hope that
Someone or other might come and

Fuckin' kill him.
Fuckin' kill him.
Kill him already, kill him. (x5)

Kill him already,
Kill him already,
Kill him, fuckin' kill him.

Just fuckin' kill him.
Fuckin' kill him.
Kill him already, kill him.

Fuckin' kill him.
Kill him.
Fuckin' kill him already, kill him.

Kill him.
Fucking kill him.
Kill him, just fucking kill him,
kill him already, kill him already,
kill him,
Amen.
