

Shenandoah, I Wanna Be Loved Like That

Natalie Wood gave her heart to James Dean
The high school rebel and the teenage queen
Standin together in an angry world
One boy fightin for one girl

(Chorus)

I wanna be loved like that, I wanna be loved like that
A promise you can't take back
If you're gonna love me
I wanna be loved like that

Daddy never gave Momma a diamond ring
But Momma never wanted for anything
But what he gave her it came from the heart
In a bond that was never torn apart

(Repeat Chorus)

An old man kneeling all alone
Plants his flowers in a garden of stone
For seven years now she's been gone
And his devotion is still goin strong

I wanna be loved like that, I wanna be loved like that
A promise you can't take back
If you're gonna love me

(Repeat Chorus)
