

# Shenoah, Ashes To Ashes

Mirrors and makeup  
With lipstick scars  
Shattered the reasons  
We've come this far  
Streets of my getaway  
Treason in your dirty misery  
Broken faded memories  
Dying deep within the flames  
Again they burn  
Let's tear it down  
Ashes to ashes  
Please forget me  
Plastic deceiving  
You've played your part  
An actress believing  
In her time bomb heart  
Rewind in slow motion  
Dancing in bed  
Over again  
Broken faded memories  
Dying deep within the flames  
Again they burn  
Let's tear it down  
Ashes to ashes  
Please forget me  
Contents in my head  
Dig my grave  
What if this was dead  
Would it feel the same
