

Sherri Youngward, Where This Love Goes

When I look at you
It's like a thousand prayers
It's like a thousand prayers
Have just been answered
I want to give you all I own
My family, friends, my home
But without love, it means nothing
Where this love goes
I will follow, I will follow
Everywhere this love goes
I will follow, I want to follow
I can know all things, every mystery
I can have the faith to move a mountain
I can give you all I own
My family, friends, my home
But without love it means nothing
Everywhere this love goes
I will follow, I want to grow old
Having followed, where this love goes
Everywhere, everywhere this love goes
There is patience, there is kindness
There is forgiveness, that will find us
Everywhere this love goes
If we follow, I want to follow
When I look at you
It's like a thousand prayers
It's like a thousand prayers
Have all been answered
