

Sherrie Austin, Put Your Heart Into It

You don't need to talk French
To make me giddy
You don't need to fly me off to some foreign city
You don't need pretty words just to turn my head
And you don't need to be a casanova in bed
If you're gonna love me
Why don't you just do it
Come on baby,
Put your heart into it

You don't need to pop out of a birthday cake
You don't need to bring me roses on roller-skates
Write my name in big letters across the sky
No you don't need to run for president to catch my eye
If you're going to love me
Why don't you just do it
Come on baby,
Put your heart into it

Well you can lead a horse to water
But you can't make 'em drink

Send a boy to college
But you can't make him think
We'll I've been feeling kind of lonely
Like a ship out on the ocean
I need to see a little old-fashioned emotion

Well you got my attention, baby
What's on your mind
You can leave all that fancy footwork behind
Well I can see you're cute and I know you're witty
But let's get down to the real nitty gritty
If you're going to love me
Why don't you just do it
Come on baby,
Put your heart into it

Yeah, if you're gonna love me
Why don't you just do it
Come on baby
Put your heart into it
