

Sherwood, The Best In Me

If only you could hear the beat, beat, beat of my beating heart
then maybe we, we, we would never be apart
its a beautiful sky on a beautiful day
but only you could stretch a smile across my face
so im waiting, waiting, waiting
for you to be calling, calling, calling
cause its another drive another day on the road
and honey i dont have the strength for another show, no
and ive got it almost figured out
if i could get you closer to me
cause its a good life, for a short time
whoa oh woah oh
and youve got me almost figured out
theres almost nothing left to see
youre brining out the best in me
youre bringing out the best in me
and its a long way back to the golden state
where the city's held in by a golden gate
like a giant jar full of fire flies
the yellow lights blinking on the mountain side
and i wish i had a plane or a cable car
cause all i really want is to be in your arms
and i've got it almost figured out
if i could get you closer to me
cause its a good life, for a short time
whoa oh whoa oh
and you've got me almost figured out
theres almost nothing left to see
you're brining out the best in me
you're bringing out the best in me
