

Shifty, Magical

She's magical, magical
The girl's got a spell on me
oh yeah, oh yeah
She's magical, magical
a modern day wizardry
oh yeah, oh yeah

Now she's a heart stopper
jaw dropper for real
baby steals my breath
with her sex appeal

She's everything i ever wanted
and more
she makes me feel like a kid
in the candy store

And like a rabbit out a hat
she's a dissapearing act
I wink inside the mirror
and she always winks back

I'm in room thirty-two
you can come up and see me
I'll make your bikini dissapear
like houdini

It's our time
no time's better than now
you can bite me, scratch me
and throw me around

you might be the prettiest thing
i ever saw
lookin' like that should be
against the law

she's just my taste
got a face to match
I said this is one girl
that i got to catch

you might be the one
who can set me free
so lets work it out
work your magic on me

CHORUS:
she's magical, magical,
the girl's got a spell on me
oh yeah, oh yeah
she's magical, magical
a modern day wizardry,
oh yeah, oh yeah

Sexy girl you got a spell on me
you got me runnin' up the street
like a dog in heat

your such an inspiration
you got my heart racin'
got me levitaded
with your sex education

tell me is it real or just
my imagination
are you lookin' for love
well im over here waitin'

baby im the real
can you feel the chemistry
no smokin this
i belive what i see

i believe in you
now can you believe in me
i feel the energy
you want to be my fantasy

hey pretty girl
come and give me a kiss
it aint hard to do
it's as easy as this

put your lips to my lips
put your hands on my side
move your body closer
and look into my eyes

i got a heart made of gold
and a bottle full of brew
the only thing im missin'
is you

CHORUS

say yeah, oh yeah,
and say yeah, oh oh oh yeah
oh oh oh-oh-oh-oh-oh

CHORUS

magical, magical
so magical, magical
magical, magical
so magical, magical
