

# Shifty, Shorty Rock

Shorty Rock,  
Ah, shorty rock don't stop  
oh Baby won't you take me back  
shorty rock  
ah, shorty rock don't stop  
what's it gonna take for you to take me back

Now even though you're gone I still hear your voice my head  
and all the sexy things you say when we're laying in bed  
remember you said you'd always be my ride or die girl  
remember my life changed when you came in my world  
bought you so much ice it would give you a brain freeze  
I don't want the other girls, you're the one for me  
and I can't picture my life without you in it  
cuz our love had no bounds and it knew no limits  
no gimmicks, it was straight thug passion  
I miss afternoon back shots and that late night smashing  
whenever you want it you can have it  
I made you my bad habit and gave you more cabbage than a rabbit

our life together wasn't perfect  
we'd argue but when we made up it was all worth it  
why'd you leave me, I just don't get it  
give me one more chance  
I promise baby girl you won't regret it

Chorus:  
And girl I know I made you cry  
but still I wonder why you're gone  
and can you give me one more try  
cuz without you I can't go on  
senorita

I know you hated it when I was grinding out on tour  
that's why I left you with my heart, came back with Christian Dior  
but your love didn't cost a thing  
not one red cent  
Now I guess I know what J. Lo meant  
and I have to admit that you made me a better man  
I could love you forever  
you were down for whatever and  
when you left me it was hard to believe  
Feeling like Maroon 5 without ya girl its harder to breath  
I thought we'd make it through the coldest weather  
we was supposed to grow old together  
man I should've known better  
a mistake like that was fatal  
that's what I get for being unfaithful cuz you turned the tables  
I know there's plenty stars in the sky and fish in the sea  
I know I'm missing you, I hope you feel the same about me  
so I apologize and admit I was wrong  
things just haven't been the same since you been gone

chorus

And every night I'm seeing visions of you  
its difficult to try to live without you  
but I'm movin on, word is born  
Shorty rock I'm steady thinking of you  
its hard to live without you  
Shorty rock sometimes its hard to make it through
