Shihad, Empty Shell

All the fables that you know Light 'em up and watch 'em blow So forget what you been told Evolution calling Bury the truth and bury it well

Empty shell
Explode
Empty shell
It's starting to show

All the damage that you sow Is coming back so watch it grow When you think you've had it all Evolution calling

There is a secret that you'll never tell

Empty shell Explode Empty shell It's starting to show

Hell is raining down upon you Wait for the sky to fall And life goes grinding on Like a month of f***ing Sundays
