## Shindig, Falling

there's something i can't explain about you that makes me weak. i lose my breath to feel your touch. i'm helpless. rescue me.

i see you and i can't speak. emotion gets the best of me. so sweetly, i dream of of you. complete me. i need you.

your eyes, your eyes.
oh, how they shine.
i can see the relection of the stars in your eyes.
as i gaze, as i gaze
i see everything
i've been searching for.
catch me i'm falling.
