

# Shinedown, Bully

Hey!  
Hey!  
Hey!

It's 8 A.M.  
This hell I'm in  
Seems I've crossed the line again  
For being nothing more than who I am

So break my bones  
And throw your stones  
We all know that life ain't fair  
But there is more of us  
We're everywhere

We don't have to take this  
Back against the wall  
We don't have to take this  
We can end it all

All you'll ever be  
Is a faded memory of a bully  
Make another joke  
While they hang another rope  
So lonely  
Push him to the dirt  
'Til the words don't hurt  
Can you hear me?  
No ones gonna cry  
On the very day you die  
You're a bully

Hey!  
Hey!

Think it through  
You can't undo  
Whenever I see black and blue  
I feel the past  
I share the bruise

With everyone  
Who's come and gone  
My head is clear  
My voice is strong  
Now I'm right here to right the wrong

We don't have to take this  
Back against the wall  
We don't have to take this  
We can end it all

All you'll ever be  
Is a faded memory of a bully  
Make another joke  
While they hang another rope  
So lonely  
Push him to the dirt  
'Til the words don't hurt  
Can you hear me?  
No ones gonna cry  
On the very day you die  
You're a bully

It's 8 A.M!  
The Hell I'm in!  
Your voice is strong!  
Now right the wrong!

All you'll ever be  
Is a faded memory of a bully.  
Make another joke  
While they hang another rope  
So lonely.  
Push him to the dirt  
Til the words don't hurt  
Can you hear me?  
No ones gonna cry  
On the very day you die  
You're a bully[x2]
