

# Shiny Toy Guns, Ricochet!

Welcome back to  
Where I'm gonna to have you  
Shell shock - fall back  
Every one I see through.  
Watch your head spin  
Like a mesocyclone  
Bouncing off the walls  
Now there's nowhere to run  
Like a bullet ... meant to be shot  
You're the target  
Dead on the spot  
When I focus ... I never miss  
It starts with a kiss  
[Chorus]  
La la la la la  
She ricochets!  
And you don't notice.  
She's in your head!  
And you just don't notice  
Let the sweat fall  
Find me in the back stall  
Let it snow down  
Now we're gonna deck halls  
I hit the bullseye  
Making all the boys cry  
I hit the main line  
Breaking through the night sky  
Like a bullet ... meant to be shot  
You're the target  
Dead on the spot  
When I focus ... I never miss  
It starts with a kiss  
[Chorus]
