

Shiny Toy Guns, Rocketship

V1

Can we get away?
Far away...
Let's leave this place
Will you come with me?
Are you down...
To turn your world around
Its you and me tonight...
Leave it all behind

Let's go for a ride...

V2

Say goodnight to gravity
Hold on to me...
The passing stars light the way
The future's here today
Its you and me tonight
Leave it all behind...

Bridge

Get in my rocketship
We'll leave the light of day
Staying on the turning away
There's no tomorrow
Just today...
Together we will follow
...fly away
Never mind tomorrow
..Just today

Leave it all behind...
Let's go for a ride
