

Shiro Sagisu, Into the fire

Into the fire I must have no fear
Ill fly with an aim so true
Dont you despair
I must pay the price
My strength will live on through you
Into the fire Im burning
I will give up all I have to give
Dont be afraid of the darkest hour
Ill shine for you
Into the fire
My courage is so
My spirit is passed to you
I have no choice
My own sacrifice is something I have to do
Into the fire Im burning
I will give up all have to give
Dont be afraid of the darkest hour
Ill shine for you
Into the fire Im perish
I am the power my soul survives
Cherish my memory long and clear
Ill shine for you less
